

CLAIM 3

An exhaustless pollutant comprising :

a put away pollutant from sanitary collections;

a collection means an incinerated material disposal into a central sanitation collection system.

3. The specification is appropriate corrected to support the claims.
- 4 The drawings corrected by removing border lines from drawings.
5. The Claims are not being anticipated by Tseng because :

US Pat. No. 4,627,365,dated Dec.9,1986 ,Tseng describes a gas purification process

From a mobile garbage incineration process which is not a subject matters of the present invention.

Therefore, Claims 1-3 cannot be rejected under 35 USC 102 (b) as being anticipated by Tseng. The present invention provides a put away pollutant that prevents polluting from processes.

Truly submitted
